Introduction

Good morning/afternoon,

My name is <~~~>. I am working with Luigi Giussani Institute of Higher Education (LGIHE). We are carrying out an endline study on teaching and learning in this school so as to assess the achievement of the goals, objectives and indicators of the project. As you are aware, this project has been implemented in your school during the period 2017-2019.

As a beneficiary of this project, you have been selected to take part in this study and therefore your participation is highly appreciated. All the information that you will provide is extremely confidential and will be used only by LGIHE. This exercise is intended to take about 45 minutes.

Thanks for your cooperation!

GUIDING QUESTIONS

1. What is your perception about the project activities that have been implemented by LGIHE in this school?
2. How involved were you in the project process? E.g. design, planning, coordination of activities?
3. Have the project activities been able to address your needs/challenges in relation to improving the quality of education in this school? If yes, which needs/challenges are those and how were they addressed? If no, why?
4. What are you now doing differently as a result of the trainings or support received from LGIHE intervention? What are the enabling factors for such a change?
5. Do you perceive any change/difference in the parents' involvement in school activities and their children's education in general? If yes, how and why? If no, why?
6. What are you doing now to ensure that parents actively participate in school activities and their children's education? How are the parents responding to this initiative?
7. What is your perception on how the project activities were coordinated? Give examples. What challenges did you interface?
8. To what extent do you think the benefits of this project will continue, after its closure? Why? What strategies are in place to ensure that the benefits realized from LGIHE interventions continue?
9. What is the **most significant change** that you have observed in this school as a result of LGIHE trainings? Why? *Explain your response*
10. Which project aspects may struggle or collapse after the project closure? Why?
11. What factors (*teacher factors, pupils' factors, school management factors, environment, etc.*) are still, even after the LGIHE intervention, hindering teaching and learning in this school? Why?
12. Any other comments for LGIHE to improve on their interventions.

Thank You So Much!
